REDLINE ATHLETICS – SPORTS PERFORMANCE CENTER

- Redline Athletics is proud to offer a proposal/partnership with **KNC**.
- **MISSION** is to help youth athletes to become ***GREATER THAN YESTERDAY*** through consistent training, discipline and mentorship.
- **VISION** is to partner with **KNC** and give their athletes opportunity to increase their athletic performance by providing access to certified coaches and state of the art fitness facility.

REDLINE ATHLETICS – SPORTS PERFORMANCE CENTER

At **Redline Athletics**, we create better athletes by focusing on developing the fundamental skills that will create a faster, stronger more agile athlete no matter what sport(s) the athlete competes in. Our focus is on the whole athlete. Mindset, Mentorship, Character and Confidence and creating healthy habits and lifestyle that will benefit our youth both on and off of the field. At Redline Athletics we also believe in making our results measurable. When an athlete joins our program, we will administer a baseline evaluation test to determine the athlete's current ability level. **We will then re-test each athlete on a 12- week cycle** so that both the athlete and the coach/parent/guardian can see the results of their hard work.

REDLINE ATHLETICS-SPORTS PERFORMANCE FACILITY

- This partnership demonstrates **KNC's** commitment to offer a means to improving athlete skills safely in a safe, professional environment.
- This partnership shows that **KNC's** values focusing on the "soft skills" as much as the hard, physical, skills.
- This partnership demonstrates **KNC's** understanding of utilizing "state-of- the-art" methods for injury prevention and improved performance.

Most youth athletes have never had access to high quality professionally coached speed and agility/strength and conditions programs along with state-of-the-art technology and facility.
